HSBC named ‘Best Cash Management Bank 2026 in Bangladesh’ by Euromoney

*****Customers vote HSBC Bangladesh #1 across all three subcategories: #1 in Products, #1 in Technology and #1 in Client Service.*****

The Hongkong and Shanghai Banking Corporation Limited (HSBC) Bangladesh has been voted **‘#1 Cash Management Bank in Bangladesh’** for the 17th time with the bank securing the **#1 position across all three subcategories - Products, Technology and Client Service**. HSBC has also been recognised as the **#1 Cash Management Bank globally and in Asia** in the Euromoney Cash Management Survey 2026, the world’s largest treasury survey, based on more than 7,500 client votes.

The recognition reflects HSBC’s continued focus on delivering high-quality cash management solutions, combining global connectivity, technology and client service to help businesses manage their payments, collections, liquidity and working capital more effectively. HSBC improved its position across every region in this year’s survey and was ranked #1 in Asia, reinforcing its position as a leading cash management provider for businesses operating across markets.

The recognition is a proud moment for HSBC Bangladesh and reflects the confidence clients place in the bank’s ability to support their evolving treasury and cash management needs. Through technology-enabled solutions and a connected global network, HSBC helps clients achieve more seamless collections and payments, greater visibility over their cash and stronger liquidity management across markets.

Commenting on the country wins, **Md Mahbub ur Rahman**, Chief Executive Officer, HSBC Bangladesh, said, *“Earning the top spot in Cash Management for 17 straight years is a proud milestone, but the real honor is the enduring trust our customers place in us. Winning across Products, Technology, and Client Service drives us to keep raising the standards for our business every day”*

Newaz Musharraf, Head of Global Payments Services, HSBC Bangladesh, said, *“Winning Bangladesh’s Best Cash Management Bank is meaningful — and it recognises how we are empowering our clients in Bangladesh through smoother collections and payments, clearer cash visibility and stronger controls as they manage local operations and cross-border payments. We’ll continue investing in secure, reliable digital capabilities that help corporate treasurers run their operations with confidence, even when markets move fast and remain dynamic.”*

The Euromoney Cash Management Survey is widely recognised as an important benchmark of corporate treasury sentiment, with client feedback providing insight into the quality of cash management providers across products, technology and services. HSBC’s latest recognition underscores its commitment to helping businesses in Bangladesh navigate increasingly complex payment flows, manage liquidity efficiently and connect more effectively with opportunities across domestic and international markets.
